

Wattnow Electrical

Commercial & Domestic

Wattnow Electrical is a multi-award-winning, Aboriginal owned and operated electrical company based in Derby, Western Australia.

The experienced Wattnow team provides the full range of commercial and residential electrical services to Derby and surrounding communities in the West Kimberley region.

Founded in 2010, Wattnow has grown from humble beginnings into a successful business that serves and supports its local community. Owners Prue Plowright and Jonathan Smith have a deep connection to the area, and strong local knowledge.

They are both passionate about Aboriginal advancement in their community and strive to deliver opportunities for other Aboriginal people via apprenticeships, mentoring and employment.

“As builders who have operated in the Kimberley for decades, we have used Wattnow Electrical for all our electrical works, large or small projects, for many years.

We have found them to be very professional with consistently high standards of workmanship, at economical rates, which has allowed us to win some very competitive tenders.

Wattnow Electrical have always been reliable, on time and on budget and we can highly recommend their services.”

Allan Archer | C.E.O
Archer Builders

“Wattnow Electrical is the RFDS’s Principal Electrical Contractor in Derby and takes care of all our electrical requirements, whether they be new installs, upgrades or emergency call-outs.

Wattnow Electrical can be called upon at all times and offers a professional, courteous and timely service.”
